Subject: Termination of Agreement

Dear Commissioners,

Notice is hereby given that the Ludlow Maintenance Commission is giving its 90 day notice to terminate their Agreement with Port Ludlow Drainage District dated November 7, 2002. The reason for the termination is the terms of the agreement are no longer being enforced, Jefferson County is handling drainage issues with a different procedure and LMC is updating its Rules and Regulations.

LMC wants to thank the Drainage District for all their help and technical incite over the past sixteen years and really appreciates all they do for North Bay. The Board is looking forward to continuing to work with Drainage District and wants to maintain our strong relationship. During this time of transition Allan Kiesler, Trustee, and Brian Belmont, General Manager, will be the Board's liaison with the Drainage District.

Sincerely,

Allan J. Kiesler

Allan Kiesler
Secretary
Ludlow Maintenance Commission
